

Shorts About Service Men

What the Boys are Doing Here and There

Mr. and Mrs. Jack Wolert are anxiously awaiting word from the latter's son, Dave Bolender, who was a seaman with the crew of the heavy cruiser, North Hampton destroyed by the Japs in the South Pacific several weeks ago. In view of the fact that the nearest of kin of the missing have been notified, it is believed that Dave, popular high school boy here before his enlistment was a survivor.

Glenn Foster who worked for the Donner and Tahoe Theaters here for two years, is with the Seabees in Virginia.

Philip Kearney sends word from Australia that he received, on December 14 the carton of cigarettes sent him by the P. T. A. He says to thank them for their kindness and thoughtfulness. Anything sent from home friends and the old home town makes one feel like a million, when he is 8,000 miles from home, Phil said.

It will soon be squads right for Yell Nobles, local bank manager who was inducted at Monterey yesterday. Yell plans to enter O. C. S. after his basic training.

Truckee is producing champions for the armed forces. First Corporal Roy Waters at Denver announces he is the official ping-pong champ of the Fitzsimmons Hospital and now Sailor Ange Besio writes of being crowned bantamweight boxing champion of Camp Farragut in Idaho. He will now engage in inter-camp bouts.

Billy Becholdt of Tahoe City has joined the navy in Reno and is now awaiting call to report for duty.

KNIVES WANTED TO AID IN COMBAT IN SOUTH SEAS AREA

Truckee district sportsmen who are owners of hunting knives are asked to donate them to the best cause in the world.

Charles Pierce, Truckee Legionnaire, and father of a son in the South Pacific, is heading the local Legion committee in the knife drive and announces that the weapons may be left with Frank Kinne at the latter's barber shop and they will then be sent to the "Save a Life with a Knife Committee" in San Francisco and thence to the soldiers and sailors fighting the Japs.

So pressing is the need for such weapons that army authorities have promised to ship the knives by plane placing them in the hands of the fighting men as soon as possible.

The kind of a knife? — "Well, anything that will split a Jap," Pierce said. The blade must be at least four inches long. Broken handles will be repaired.

It's not easy to give up a good hunting knife, but they will come in pretty handy for the boys in the dense jungle growth of the Islands.

MRS. ELLERT GIVEN HONOR BY GROUP

Truckee employees of The Pacific Telephone and Telegraph Company recently honored Mrs. Claire Ellert of the Truckee office on the occasion of her thirty-fifth anniversary of service with the company. At that time Mrs. Ellert was presented with a gold pin with seven stars, each star representing five years of service. A bouquet of flowers was presented by Mrs. Vira Preston, chief operator.

During the course of the party, A. P. Leitch, manager of the Truckee exchange read a poem composed by C. M. Matson, wire chief, dedicated to the honoree.

Many Still Without New License as Deadline Near

Although the deadline on 1943 motor vehicle license renewals is only three weeks away, at least 2,000,000 California vehicle owners thus far have failed to file their applications for the new license tabs. Less than one-third of the registered owners have sought renewals.

This information came today from the department of motor vehicles coupled with a plea by Gordon H. Garland, the newly appointed director, that motorists of Truckee and this area file applications at once to avoid last-minute jams and payment of penalties after midnight, February 4.

Applications are being received on Wednesday and Thursday mornings at the local highway patrol office.

From Camp Robertson, Arkansas, comes word that Lloyd A. Russell, former employe at Loynd's Truckee Drug, has arrived there for 11 weeks training in the Medical Replacement Center. Following training he will be assigned for duty to the Medical Corps.

Those Sanders boys are doing o. k. for their Uncle Sam. Latest word finds George in officers training in Texas where he wears the two chevrons of a corporal. Jack, who is in the Marines, spent Christmas with his family at Sacramento. Then there is cousin, Bill Rablin, who is with the tough paratroopers in the north and doing a good job.

Doyle McGwinn, former manager of the Sierra Meat Market, is now with the Quartermaster Corps at Sheppard Field, Texas, where he was sent following his induction two weeks ago. Brother, Max McGwinn is with the navy on the Pacific coast.

NEW RULING BARS PACKAGES TO MEN IN FOREIGN LANDS

WASHINGTON, Jan. 14.—(UP)—The large volume of mail and packages sent to troops overseas will make new army postal restrictions necessary, Secretary of War Henry L. Stimson announced.

Effective tomorrow, no package may be sent to a soldier overseas unless it contains an article requested by the soldier, and the request has been approved by his commander. The package will not be accepted by the postoffice unless the written request bearing the commander's signature is presented, Stimson said.

The only exception will be in the case of soldiers sent abroad while packages addressed to them were in transit. Magazines and newspapers may be mailed only by publishers.

V-mail will continue to be welcomed, Stimson said, but ordinary letters bearing air mail stamps will be handled like regular mail.

NEW OFFICERS OF REBEKAHS SEATED

Noami Rebekah Lodge No. 2 held installation of officers at the regular meeting Wednesday evening.

The following officers were installed by Laura Smith, district deputy president, assisted by Lucile Bick, acting as deputy marshal and past noble grand; Georgia Follett, Tillie Smith, Hannah Stewart and Clara Ocker also assisting: Katherine Mulcahy, noble grand; Elva Anderson, vice grand; Lucile Bick, secretary; Laura Smith, treasurer; Hazel Sweeney, warden; Veronica Foster, conductor; Eliza Campbell, chaplain; Lotta Bryant, musician; Laura Smith right support noble grand; Georgia Follett, left support noble grand; Gertrude Smith, right support vice grand; Cora Maxson, left support vice grand; Clara Ocker, inside guard and Lotta Bryant, appointed press correspondent. Mrs. Kamp, past noble grand was presented with a jewel and she and Mrs. Laura Smith presented all members with corsages. Refreshments were served.

Report Features Meet Of P. T. A. This Week

A regular monthly meeting of the Truckee Union P. T. A. was held Friday night at the grammar school. The president, Mrs. Veronica Foster, opened the meeting with the salute to the flag. During the business meeting it was reported that the following contributed to the P. T. A. Christmas fund:

California State Employees association, Firemen, Eastern Star, Wyethia Club, Rotary Club, Truckee Public Utility District, American Legion, Knights of Pythias, Odd Fellows, Chamber of Commerce directors, Eagles, Lions Club, Rebekahs, Mrs. James Melver, Sr., Pythian Sisters, and P. T. A.

The entire sum of \$81.07 collected was spent as follows: cigarettes for boys in service and postage, \$57.66; Candy for children's party, \$9.61; defense stamps, \$13.80.

After the business meeting an open discussion was held on which is the more important in building children's character, environment or heredity? and which is the more important now a cow or horse? and other subjects. Refreshments were served by Mrs. Ben Lewis and Mrs. H. I. Snider.

Sunnyvale Visitor

Orlan Sanders former resident of Truckee now engaged in defense work at Sunnyvale, was a visitor in Truckee this week.

Director Reports Route 50 Will Not Be Opened

Vital Equipment Needed To Keep Local Route Always Open

C. H. Purcell, director of the state department of public works, this week announced that it will be impossible to open the Echo Summit Highway this winter because of a shortage of equipment and because of delays in obtaining replacements when existing machinery breaks.

The director stressed that the Donner Summit Highway must be kept open 24 hours a day.

Purcell said the department's policy of closing Highway 50 and devoting all efforts toward maintaining all year traffic on Highway 40 has been approved by the military authorities.

The Echo Summit Road is being maintained as far as Kyburz, El Dorado County. Last year the state spent \$87,000 for sheds and new equipment to keep the Echo road open throughout the winter. The only purpose in keeping it open, Purcell explained would be for the convenience of winter sports fans.

The director explained that the equipment formerly used on Highway 50 has been taken over by the army for use on airports and that new plows cannot be purchased.

Standby plows must be kept in readiness on Highway 40, Purcell said, as it takes about a month to obtain parts and replacements in the event of a breakdown.

MOTOR OIL PROCESS SEEN BY LIONS HERE

How motor oil is produced and refined was revealed in two reels of motion pictures displayed before the Truckee Lions Club last night by Manager Glenn Robinson of the Shell Oil Company. Guests at the meeting were Richard Little and Lyle Sabin. Elden Tonini presided.

Truckee Case First To Occupy New Official

Newly elected public administrator Theodore Kohler has filed his first petition for letters of administration. The decedent was Joseph F. Kelly of Truckee, who died in Oakland October 5. The estate consists of personal property valued at \$362.96. The petition cites there are no heirs.

William J. Cassettari of Grass Valley is the attorney for the petitioner.

MUSICAL PROGRAM OFFERED AT ROTARY

With Jack Wolert as program chairman, members of the Truckee-Tahoe Rotary Club Monday night were favored with a musical treat when Mesdames Wolert and Lotta Bryant played three piano duets and a song quiz was enjoyed. Lloyd Greene presided over the interesting session.

Auto Thefts In State Show Large Decrease

SACRAMENTO, Jan. 14.—(UP)—Automobile thefts in the state during 1942 totaled 13,701, or 18.3 per cent less than in 1941, the department of motor vehicles announced. The number of thefts in 1941 was 16,776.

Law enforcement agencies recovered 12,680 of all cars reported stolen during the year. They were valued at \$2,866,638.

Bill To Amend Fish and Game Law Introduced

A bill to amend the fish and game law to require pheasant and quail hunters on private shooting areas to conform to the seasons and bag limits set by the fish and game commission for all other hunters will be introduced by Assemblyman Albert M. King of Butte County.

TRADE IN TRUCKEE

Local Soldiers Want To Use Bugle For Learning Army Calls

Does anyone have a bugle they will loan to a soldier?

Sounds like a queer request, but as a matter of fact it is an honest one. Although the military police company stationed near here doesn't have to answer the familiar strains of the usually deeply despised bugle, the boys are anxious to learn the various calls and would appreciate the loan of some type of instrument.

Because their organization does not require a bugle under army regulations, none is issued. The boys would appreciate it if the owner would leave word at the office of the Sierra Sun.

RATION BANKING NEWEST PLAN OF OPA FOR STORES

A ration banking plan for coupons has been introduced by the Office of Price Administration. In brief the plan operates as follows: Primary distributors, wholesalers, retailers and many bulk users of rationed commodities will open Ration Bank Accounts in commercial banks. The small retailers are not required to open accounts, but are free to do so if they desire. In these accounts they will deposit stamps, coupons, certificates and other rationing evidences received from customers.

They can then draw ration checks on their accounts for the purpose of replenishing inventories of rationed commodities. There will no longer be any exchange of stamps or coupons for certificates at local boards. The small retailers who do not have bank accounts will transfer their coupons directly to their supplier.

MILK PRICES HERE MAY BE ADJUSTED

Possibility that the milk prices in the Truckee-Tahoe-Donner area may be corrected to relieve the present situation, although no official announcement has been received here, was seen in an Office of Price Administration announcement in San Francisco Monday which said increases of price would effect parts of Nevada and Placer counties.

The OPA statement said action would be taken in parts of these two adjacent counties outside the marketing area by adjusting the price scales to those prevailing within the area.

A recent order permitted an increase of price in the surrounding areas, but local merchants were not allowed the increase. For a time it threatened to develop into a milk shortage, but the local distributor for Golden State, Joe Mattos made arrangements to continue supplying milk pending a price adjustment although he was forced to sell under cost, he declared.

950 NEVADA COUNTY MEN NOW IN ARMY

M. A. Morrison, clerk of Local Board No. 22 of the Selective Service System of Nevada County revealed this week that Nevada County now has approximately 950 men in the nation's armed forces. Although no figures were given, it is estimated that Truckee and this immediate area has provided approximately 100 men to the services.

Moderate Amount Of Food To be Permitted

NEW YORK, Jan. 14.—Housewives who register for war ration book No. 2 next month will not have coupons deducted for moderate amounts of canned or frozen foods they may have on hand, according to Howard B. Rowe, director of the food rationing division of the Office of Price Administration, who revealed the plan to allow a small carryover at a discussion of the new point rationing recently.

Pot Luck Dinner

The members of Truckee Chapter No. 116, O. E. S., will have a pot luck dinner at Masonic hall on Tuesday, January 19. Varied entertainment will follow the dinner.

: Sun : Beams

by WALTER M. BARRETT

Truckee this week lost one of its most ardent and able community workers when Yell Nobles was called to the army. At the same time, we gained a man who is expected to replace Nobles not only in the Bank of America, but in the community enterprises which Nobles headed. The new resident, Dick Little is a veteran banker, and promises to do what he can to lend assistance to the many civic needs. We certainly regret the departure of the Nobles family but extend open arms to their worthy successors, the Littles.

What with the fact that winter sports are more or less sacrificed to the war effort anyway, we can all relax and enjoy this ideal spring weather, even if there is little else to do. Even old timers are shaking their heads in wonder over the sunny warm days and lack of snow. Imagine dusty roads in Truckee at the middle of January.

Bouquets this week to Mrs. Claire Ellert who has completed 35 years of faithful service to the telephone company. We consider that a fine record and worthy of the honors bestowed upon her by fellow employees.

We always like to make amends when an injustice has been done. Last week we reported that there had been no decision on whether the lapsed Boca school district would be divided, as once suggested by Walter Carlson, county superintendent of school. Were we embarrassed this week to learn that not only had the entire Boca district been annexed to Truckee, but that Carlson had so recommended — last summer.

We are inclined to agree with Senator LaFollette. Progressive from Wisconsin, who believes we should keep the butter at home or for our own armed forces and send oleo to those abroad. Secretary Wickard recently directed creameries to reserve 30 per cent of their butter production for war purposes. LaFollette said the use of butter substitutes "has been consistently discouraged as a matter of public policy and the fruits of all these last efforts will be threatened with complete destruction if now, in a period of shortage, we send our butter abroad and force our own people to use butter substitutes." Well spoken, Senator.

Mrs. Brandlin Speaker At Wyethia Meeting

Mrs. Hazel Brandlin gave an inspirational talk at the January 7th meeting of the Women's Wyethia Club and Mrs. A. P. Leitch was the tea hostess following the business session.

Mr. Frank Gaiennie announced 20 members were present and more are expected to attend the next meeting to be held on the afternoon of January 21.

Forest Ranger Will Be Donner Attraction Next Wednesday

Next Wednesday, Donner Theater will present "The Forest Rangers," a Paramount comedy-melodrama in color for which Guerdon Ellis, Tahoe Forest supervisor, was technical director.

The cast has been chosen to make this an outstanding picture. Fred MacMurray looks and acts the part of the district ranger and Paulette Goddard is stunning as the eastern girl who proves her merit in the great forest. There are other well known stars and the picture should have more than average appeal for local theater goers.

Saturday the Donner presents the highly rated picture, "You Can't Escape Forever" with George Brent and Bredna Marshall and Sunday Jack Benny and Ann Sheridan will be starred in "George Washington Slept Here."

New Manager Of Bank Arrives To Replace Nobles

Nobles Leaves For Army As Little Arrives For Post

Richard Little, who has been connected with Bank of America in various executive capacities since 1929, arrived in Truckee Saturday from Sonoma, where he was assistant manager and Monday relieved Yell N. Nobles as Truckee branch manager.

Nobles, local bank manager for the past three years, has secured a leave of absence from the bank and he enlisted in the army and left to enter officers' candidate school after his basic military training. Mrs. Nobles went to Cloverdale where she will remain with relatives for the time being.

During his residence in Truckee, Nobles has taken an outstanding part in civic affairs as well as being an able and competent bank official. A director of the chamber of commerce, charter member of the local War Price and Rationing Board, an official of the Red Cross, head of the Truckee Outing Club and prominent in several other civic tasks, which have fallen his lot, the young executive will be missed.

Little came to Truckee highly recommended and has expressed a wish to take an active part in local community affairs and do everything in his power to assist in civic betterment. Mrs. Little and their 18-year-old daughter expect to arrive soon and the family will establish themselves in the Nobles' Gateway Park home.

UNIVERSAL FILMS USE SODA SPRINGS FOR NEW PICTURE

Thirty-five actors and technicians from the Universal Studio at Hollywood were expected today at Soda Springs where they will use the beautiful lands of that area in the filming of an Abbott and Costello picture. Director LaMonte will head the group of 34 men and a script girl. The two principals will not be on the scene, according to George Stiles, popular manager of the Soda Springs Hotel, who arranged for the company to come there after Sun Valley in Idaho, the originally planned site, closed. The company expects to remain about two months, Stiles was informed.

BOCA SCHOOL NOW PART OF TRUCKEE

The Boca School district which was recently lapsed has been added to the Truckee School district by order of the board of supervisors on July 1, 1942. It has been announced by Superintendent of Schools Walter A. Carlson.

"I recommended that the entire district be annexed to the Truckee district for two reasons," Carlson said, "First, the residents of the Boca district desired it, and second, it would be easier for the Boca children to get transportation to Truckee than to Floriston. Incidentally, Truckee also received all the funds remaining to the credit of the Boca district," he added.

THURMAN SEEKS NEW JAP BAN LAW

SACRAMENTO, Jan. 14.—Assemblyman Allen G. Thurman of Colfax, who represents this district in the lower house, last week introduced an assembly joint resolution, memorializing the president and the congress of the United States to enact adequate legislation to prohibit all Japanese, both alien and native born from owning, enjoying, using or occupying agricultural lands in California or any other state. The resolution also asks congress to enact legislation prohibiting all Japanese from becoming citizens of the United States.

IT PAYS TO ADVERTISE

Politically Speaking

by JOHN W. DUNLAP
(United Press Staff Correspondent)

SACRAMENTO, Jan. 14.—(UP)—One of the major scandals of the Olson administration was the exposure of the use of a dictagraph in the hotel room of then-Assembly Speaker Gordon Garland, and the resulting legislative investigations and excitement.

Governor Olson at that time disclaimed knowledge of the entire affair but said he had often used dictagraphs to record conversations with prospective appointees.

The first week of the Warren administration shed further light on the dictaphone situation. Warren himself revealed that after three days of expert sleuthing, wiring technicians had uncovered a maze of wires leading to hidden microphones and induction coils in the eight principal offices of the governor's suite, with outlets leading to a room directly above the governor's desk, where information was recorded.

By a flip of a switch, any telephone or spoken conversation could be transcribed in any of the offices or waiting rooms. Wires led under rugs and were built into walls, apparently at the time Olson remodelled the offices in 1939.

"I am not interested in starting any dictagraph scandal," Warren

explained. "The people who preceded me can do what they want. But I don't want that kind of equipment, nor do I want the wiring discovered later and have it appear that I put it in."

Warren added there was nothing illegal in the devices because the occupant of an office can install anything he wishes. Neither will there be an investigation, he emphasized. But he did say that the leaders of the legislature had been called to his office to be told of the discovery and the fact that all equipment had been disconnected.

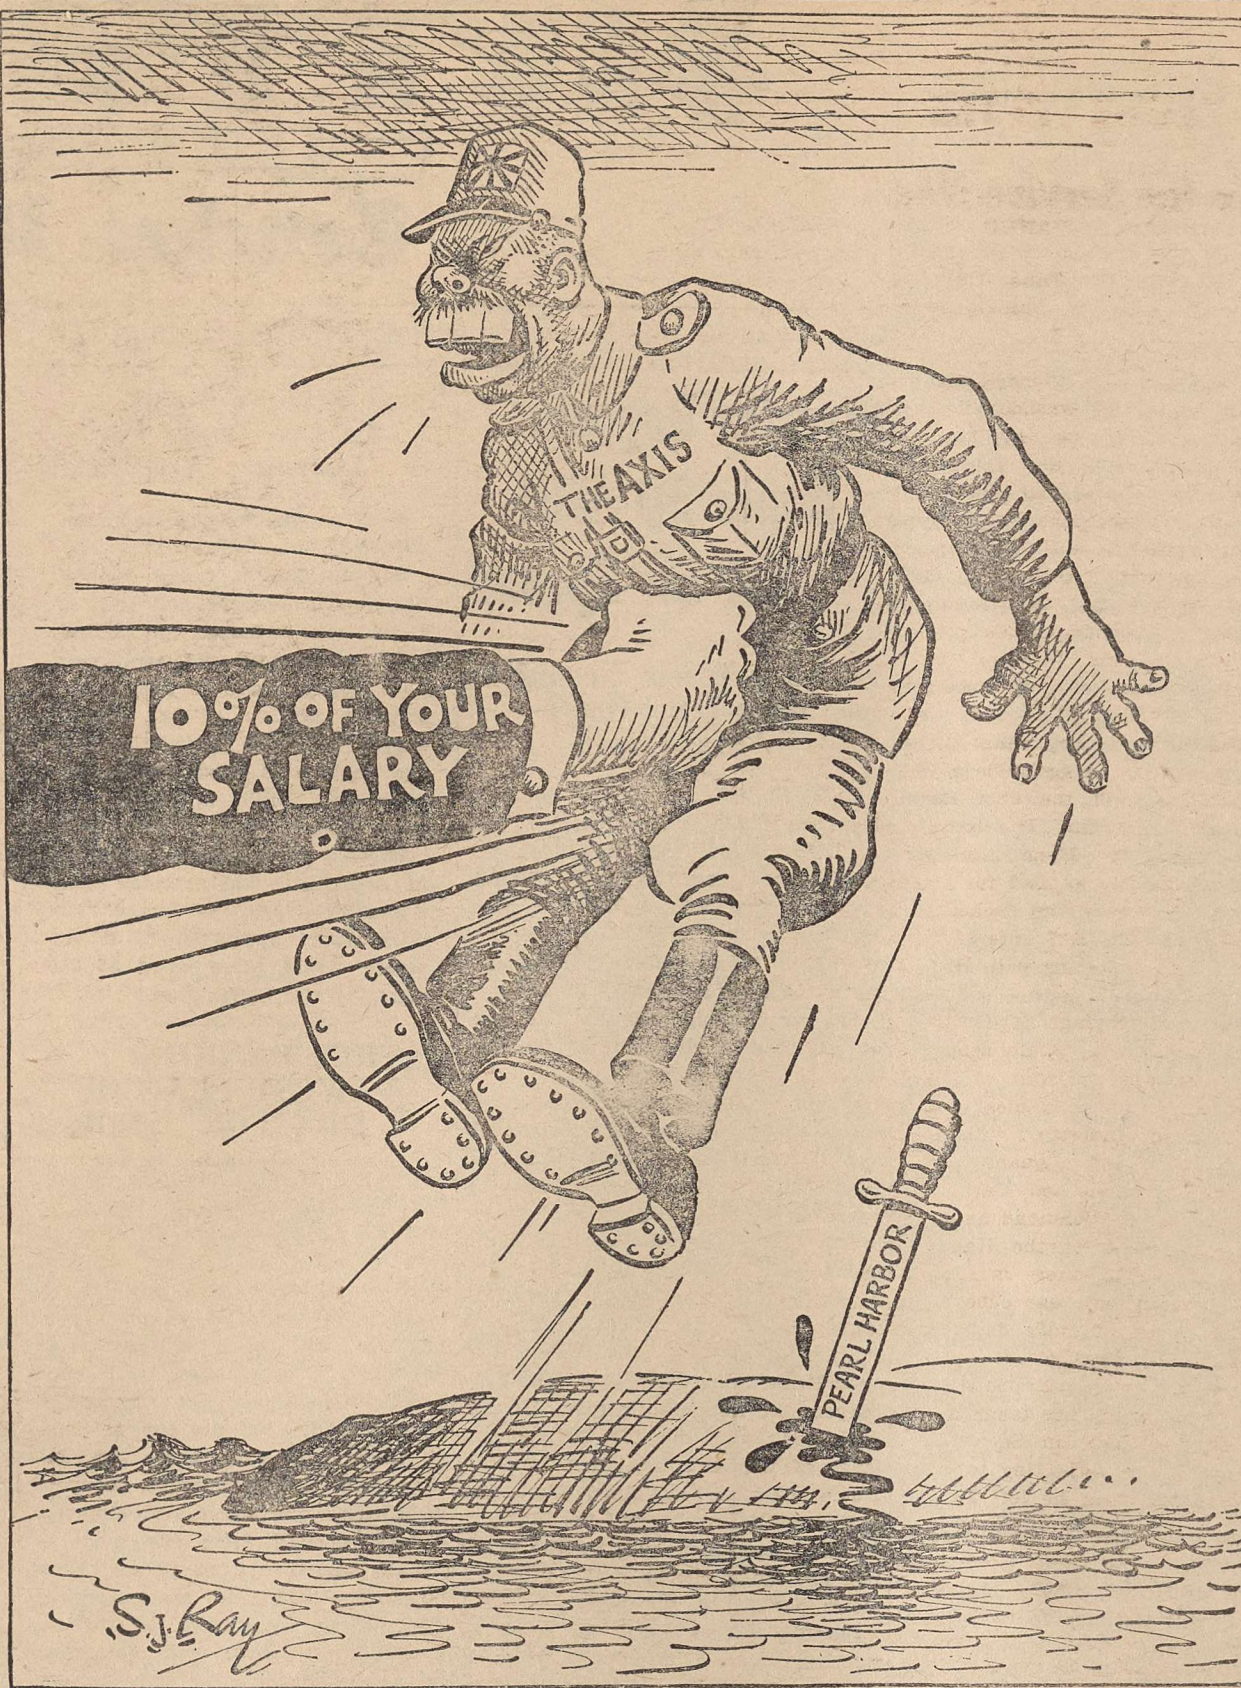

"I told them that they or any other citizen could come into my office without being spied upon, or their conversations being subject to eavesdropping," Warren said. "I'm not seeking to make a scandal. I want to give this office a clean bill of health and don't want any evidence around the office. I don't believe in it."

There is every indication that the Warren family will enter the community life of Sacramento, after several false starts many years ago. The governor revealed he had made several attempts to establish his law practice here in the early days and served five months as a legislative attaché in 1919, but he was offered positions in the bay area which he could not decline.

The Warren family will actually move into the executive mansion after the close of the school term. One of the kids already wants to sleep in the cupola high atop the three-story house.

Many students of good government

EDITORIAL

A DREAM COMES TRUE

In spite of conflict and problems involving war production, our factories turned out a fantastic amount of war equipment during the year of 1942.

When we consider that part of the job during the past year was to build plants and machines for producing war supplies, the record of goods actually completed should be enough to make Hitler realize that he can't hope to compete with American production.

The most accepted figures for production during 1942 show these results:

49,000 planes
32,000 tanks and self-propelled artillery.
17,000 large anti-aircraft guns.
8,200,000 tons of shipping.

In some instances we were short of the goals set by the President at the beginning of the year, but we were close enough to all of them to show that, in 1943, our plans to produce machines of war fast enough to assure victory will be achieved. When the goals were set Hitler ridiculed them as an impossible dream. Now, with the evidence before us, Hitler is doing the dreaming—and his dream is by now a first degree nightmare.

VICTORY TAX BEGINS

Without much fanfare or preview of what it is all about, everyone receiving wages or salaries will have a victory tax deducted from their pay beginning with the first week of January.

The tax will amount to five per cent of wages above \$12 a week, but will not apply to the first \$12 of any pay. Thus a man earning \$40 a week would have to pay a tax of \$1.40 a week and a man earning \$60 a week would pay a tax of \$2.40 a week.

Part of this tax becomes savings and is returned at the end of the war. The savings proportion varies according to the number of dependents. With a single person, 25 per cent of the amount paid is considered as savings whereas with a married person it is 40 per cent. An additional two and one-half per cent is added to the savings fund for each dependent the tax-payer supports.

This tax was included as part of the revenue act which also raised regular taxes to the highest point in history.

So when you find your pay envelope or pay check has a slice taken out of it in January, this is the reason for it. Perhaps you will find some compensation in the fact that part of it will come back to help pay that down payment on an automobile after the war.

have preached the advantages of a state manager form of government for California. Governor Warren took one step toward it when he named City Manager John F. Hassler of Oakland as director of finance. The next step came when he approved the appointment of City Manager James Dean of Sacramento as Hassler's deputy. Both men are nationally prominent in their fields.

Significantly, Hassler took a salary cut of \$2,000 per year to take

the \$10,000 finance post and Dean dropped \$2,100 to accept \$7,500 for the deputyship. Apparently Warren sold them on the job to be done, even at personal sacrifices.

Lastly, the second deputy job under the Olson administration will be abolished to save the salary, on the premise that Hassler and Dean can easily do three men's work. As a matter of fact, the deputies under Olson's regime left most of the actual finance work to the civil

OWI CONTENTS ARMY GOES EASY ON ALCOHOL

Shattering a widespread concept that Uncle Sam's rough, tough fighting men train on hard liquor taken straight, western police and military records of soldiers, sailors and marines, thousands of whom are fighting in the South Pacific, show that their three favorite drinks are coffee, milk and malted milks.

The OWI report states that three general and explicit conclusions emerge from its investigation:

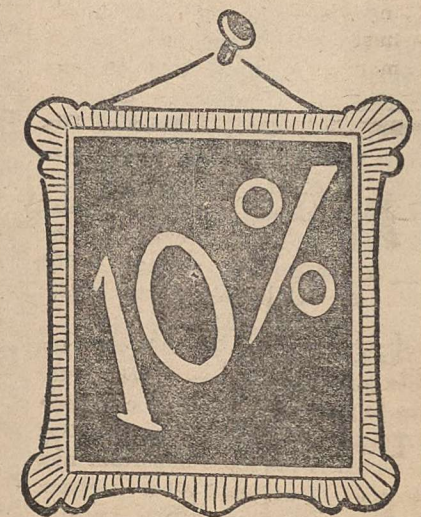

- 1.—There is not excessive drinking among troops, and drinking does not constitute a serious problem.
- 2.—The sale of 3.2 beer in the post exchanges and training camps is a positive factor in army sobriety.
- 3.—No American army in all history has been so orderly.

Experienced commanding officers all over the country agreed that considerably more than half of the men under them drank nothing stronger than beer by choice, and that many even abstained from beer. Chaplains, with only one exception, concurred in the opinion.

IT PAYS TO ADVERTISE IN THE SUN

service staff.

Each return of the legislature is another evidence of the efficient experience of Senate Secretary Joe Beck and Assembly Clerk Arthur Ohnibus. These two men are the quiet, competent type who say little but get the job done.

LAKE TAHOE NEWS

(BY SWANEE)

Telephone Tahoe City 667

Tahoe Briefs

The level of Lake Tahoe Monday stood at 6227.93 with 26 CSF of water leaving the gates. The temperature is ranging around 19 this week which as a minimum is far warmer than earlier this winter. Snow is rapidly disappearing with the continued warm days.

Mr. and Mrs. D. M. Brodehl enjoyed the weekend visiting in the valley and bay region. They were guests at their ranch in Lodi and also at the home of their daughter and family, Mr. and Mrs. Clifford Jones in Sacramento. The Jones family accompanied the Brodehls on Saturday to Vallejo where they paid a surprise visit to the Robert Pomins who are now comfortably established in their lovely new home. Dinner was served to celebrate the occasion.

From Reno we learn that Otto Rempfer, Lake Forest resident, who has undergone a long siege of illness resulting from a bad fall, is now able to get around with the aid of a cane and crutch. Wednesday of last week he even made a trip to the business district of Reno in company with his nurse and bought himself a new pair of shoes. His many Tahoe friends and neighbors are pleased to hear of his continued improvement.

Miss Alice Soll returned to her art classes in Oakland Sunday after having enjoyed a vacation of three weeks at home with her parents the Henry Solls of Pine Lodge. Her sister, Mary Jane, was not so fortunate having been allowed only one week this year from classes at the University of California.

The Soll family were dinner guests of the Charles Swansons Thursday. Other recent guests were the Robert Wallaces of Truckee.

BIRTHDAY OF PIONEER RECALLS EARLY DAYS AT TAHOE'S RESORTS

MECKS BAY, Jan. 14.— Friends of James Murphy of Sacramento and Meeks Bay were invited by his daughter and her husband, Mr. and Mrs. Harry Lawson of Sacramento, to pay the elderly pioneer homage on the occasion of his 85th birthday. A reception was held at their home on Sunday, January 10, between 1 and 6 P. M. with scores of friends and acquaintances attending, reviewing early day history of both Sacramento and Tahoe and reliving shared experiences.

Mr. Murphy who has a brother, George, three years his senior and still in good health, shared the spotlight. He has resided for the past years in Oakland with his family. James recently nonplused his physician and friends by coming to Lake Tahoe last summer to enjoy a bit of vacation. Over protest he was allowed to come and worked, without ill effects all summer in his lovely flower garden which is the pride and greatest joy of his simple life.

The Murphy family is famous in these parts in early day history of the region. They were the original owners of the vast acreage now known as Meeks Bay, bought from them by the Kehlets sometime about 1816. The Murphys leased and ran McKinney's Resort, now known as Chambers Lodge which was then owned by a Mrs. Westoff. About 1918 Dave Chambers took over the McKinneys resort and changed its name. The Murphys made much of their early fortune from the old resort and saloon which was situated out on the wharf over the water, a famous meeting place of early years.

Many of Tahoe's older residents remember the Murphy brothers and add their good wishes to those of his relatives and friends for continued good health.

TAHOE LETTER

To the Service Men From SWANEE

Tahoe City, Calif.
January 14, 1943

Dear Tahoeites:

Once again it is Monday and what a glorious, sunny washday it is! Not a cloud in the blue sky, and green grass and shrubs are appearing in sunny spots as the scant snow in the lowcountry continues to disappear. Tahoe residents are enjoying each lovely day with crossed fingers, unable to believe that this grand spring weather will continue indefinitely. As long as it does, however, we will make the most of it, and be thankful.

Another Tahoe boy joined the navy last week, he being Billie Bechdolt, youngest son of the Carl Bechdolt, Sr., of Tahoe Inn. The latter have been living in Reno this winter. Billie previously applied for entrance to the air forces, but lacked credits in one subject. Bill entered Nevada and is now awaiting call. He visited Tahoe Friday to gather some of his personal belongings. Carl, Sr., accompanied by A. B. Johnson of Tahoe Park was a visitor at Tahoe on Thursday bringing in meat and other supplies for Anderson's Village Store. He recently sent a quantity of meat and butter to his son, Carl, Jr., who has moved to Richmond annex to be near his work at the Kaiser shipyard. Rationing there is said to allow a family only one cube of butter and a quart of milk daily, and on occasion no meat at all.

Fred Kilner, Homewood realtor, we heard last week, has taken a position at Mather Field in Sacramento, although he was expecting to enter the army soon when he left Tahoe.

Home from Army

Willie Arnold, who owns a cabin near Chambers Lodge, was home last week after having worn an army uniform for some months. Willie was released because he was over 38, and after a short vacation at Tahoe will enter defense work.

Returns Home

Early last Thursday morning Mrs. Anne Anderson of Tahoe City arrived on the train at Truckee after a long weary trip from Port Arthur, Canada, where she was a visitor at the home of her sister and family, Dr. and Mrs. R. B. Colton and son David. After an absence from Tahoe of eight weeks or more, during which she traversed miles of barren cold gloomy flat country of the middle-west, much of which was snowcovered, she felt fully justified for her generous praise of sunny California during her absence. In Chicago, as she awaited Jack's recuperation from his ear operation, Anne took a position in one of the leading department stores for three weeks and quickly won the nickname of California, so loudly did she praise the splendors of her favorite state. In Canada she found the weather cold, wet and blustery, with the Great Lakes already starting to freeze over. Rationing exists there also, but there appears to be plenty for all. Prosperous farms of the middle west, although unattractive at this time of the year, all boasted huge herds of fat, sleek stock, future assets in America's great war for freedom.

After a refreshing period of rest she greeted her Tahoe neighbors who are genuinely happy to have her back again in the hometown fold.

Son, Jack, who continues to improve daily, will leave this week for Kansas City where he may take a defense job in order to remain near his doctor who wishes to make regular checkups on his hearing.

From Santa Rosa came a letter from Mrs. Paula Freese, former local resident of Tahoe City, who is visiting her folks there and tells of her husband, Franklin, a former navy man, now being a member of the

LIBRARY HOURS ARE ANNOUNCED WHEN MRS. ANDERSON RETURNS

TAHOE CITY, Jan. 14.— When Mrs. Anne Anderson returned to her Tahoe home last week she found a surprise awaiting her. For daughter Kathleen had redecorated and repainted the rooms, hanging new curtains and recovered overstuffed furniture.

Mrs. Anderson announced that the library hours at Community Center will be each Wednesday and Saturday from 3:30 to 5:30, a sign being posted at the postoffice to that effect. During her absence, Kathleen carried on, although she did not remain the full two hour period due to added duties at the store.

Seabee school at Davisville, R. I. He holds the rating of shipfitter, 2nd class and when his course is completed expects to go on foreign duty sometime this month. Mrs. Freese's brother, a frequent visitor at Tahoe, has returned safely to the west coast after having been a member of the crew of the famous U. S. S. San Francisco. Paula herself is attending shipfitters' school and will soon be engaged in defense work for the duration.

Receives Honor

Another Tahoe summer resident, Dr. H. H. Searles, noted gopher specialist, who with his family spends vacations at their Carnelian Bay cottage, has received the signal honor of having been appointed chief surgeon of the Navy hospital in Oakland. Their son, Henry, Jr., now attending Annapolis, planned out to Oakland to spend the holidays with his family.

Mrs. Larry Metcalf, whose summer home is situated near Tahoe Tavern is engaged daily in volunteer hospital work in the bay area. One of her sons, Larry, a member of the U. S. navy is now in the thick of the African fray. He was stationed for some time in Washington, D. C. before going into active service.

Mrs. Truman Suddeth, formerly of Tahoe's Muriel Howrigan, is now in Mobile, Alabama, where her husband is a member of the engineering department of the government.

Joins Navy at 42

William McKee, moccasin scroopstetoi Mrs. Josephine Crane's nephew, William A. McDonald, although 42 and married is in the navy. He left

House and Home

By MARY E. DAGUE
Author of Sister Mary's Kitchen.

Time was when we associated peanuts with the annual Big Top Show and the County Fair. Then a few years ago the research laboratories put them under a microscope, so to speak, and we've learned their true worth.

Chemists analyzed peanuts and found them so high in food value that the goobers compare favorably with meat.

The quality of peanut protein has been found to be remarkably endowed with the essentials of high quality protein.

As to mineral content, peanuts are much richer in calcium and phosphorus than either steak or eggs. Iron, however, is 100 per cent higher in steak and eggs than in the nuts.

The vitamin content of peanuts is lower than that of eggs, but otherwise the vitamins are about the same as those supplied by the ordinary protein sources.

Peanut butter, the favorite peanut compound, provides all these virtues in a form easier to digest than the whole nuts. In their natural state peanuts are difficult to chew and slow of digestion, even in the butter. Nut oils are not indigestible, even so, and the butter presents them in such a form that the digestive juices act rapidly.

Knowing these things you can plan your menus to augment any deficiencies. Peanut butter is a concentrated food, supplying no bulk itself, so it's necessary to increase the amount of bulk in the meal. It's a good idea to serve a tart salad or a fruit dessert and include at least one bulky vegetable and whole grain breads.

Cream of peanut butter soup, peanut butter and tomato loaf, peanut butter and potato croquettes, macaroni and peanut butter scallop, peanut butter and prune or raisin salad—all these dishes add nourishment and variety to menus at small cost.

Peanut butter toast is another very simple and good luncheon or supper dish for children. Spread hot buttered toast with peanut butter. Cut in half inch squares and arrange on hot plates. Pour over medium white sauce using 1 cup sauce for 4 slices of toast.

Peanut butter salad dressing is good with crisp vegetable salads and some fruit salads.

Peanut Butter Salad Dressing.
One-half cup peanut butter, ½ cup water, 2 eggs, 3 lemons, ½ teaspoon salt.
Mix and blend peanut butter and water. Squeeze juice from lemons. Beat eggs with lemon juice and salt and add to peanut butter mixture. Cook over hot, not boiling, water until thick. Beat with a wire whisk while cooking.

TOUGHER GOING AHEAD

his job as manager of San Diego's Von Market to do his bit in the country's crisis. He has been a frequent visitor at the Crane summer home on the Truckee river during vacation time.

Two Tahoe boys wrote recently to thank Mrs. Anne Anderson, local librarian for her thoughtfulness in sending them books to read at their

respective camps. The boys find Mrs. Anderson's gesture really most helpful as the books were passed around for general reading when the recipients had completed them. Another book drive is soon to be undertaken so Tahoe residents are advised to save up suitable material for sending. It will be greatly appreciated by both the local library and the boys.

CUPID STIRS AS SOUTH END COUPLE MARRIED IN NEVADA RECENTLY

BIJOU, Jan. 14.— Little Dannie Cupid, who has been much neglected at Tahoe for some time past, found a victim last week in Charles R. Young of Bijou who took as his bride in Nevada Mrs. Florence B. Dunlap, also a resident for years of the southern end of Lake Tahoe. Best wishes of the community go to them.

The boys who wrote to express their gratitude were Corporal Gordon Spitsen, recently stationed at Fort Benning and Ensign John Bell Johnson in navy training and who hopes soon to participate in the big, all-out battle for world freedom which he knows will be victorious since we say "a Greater Power than the Axis is on the side of the Allies!"

The A. M. Anderson family received Christmas greetings from Martin Arrouge and his wife (Norma Shearer) and best wishes for Jack's quick recuperation. Marti, who is well and favorably known here, is in training for the navy air corps and expects to be sent to Texas soon. A prominent columnist recently announced that Norma is knitting tiny garments.

The best of good wishes to you all. Yours for an early victory, SWANEE.

We Print Everything But Dollar Bills

THANK YOU!

The people who live in the cities, towns and villages along Southern Pacific's lines in the West have just provided a fine example of war-time cooperation.

We think this cooperation deserves recognition and we want to say "thank you" . . . since Southern Pacific was primarily concerned. And we're quite sure the many thousands of men in uniform who benefitted too, would also like to join us in this expression of appreciation.

Early in December we were faced with the problem of providing transportation during the holidays for a very large number of men in the armed services who were to be given holiday furloughs. Because of the pressure of war traffic on our equipment . . . cars and locomotives . . . we knew that we could not provide transportation for all these service men and the normal number of civilian holiday travelers.

So we arranged a somewhat drastic and extensive program requiring coach reservations for virtually all trains, and set aside a major portion of both Pullman and coach space for the service men. Then we ran advertising telling people what our problem was, and why we could not take care of everyone who would like to travel during the holidays. We

asked people *not* to "Try the Train".

As a result many people gave up holiday trips they very much wanted to make. The amount of civilian travel, compared with December, 1941, was considerably reduced and we took care of the service men in good shape. There was comparatively little congestion, and all essential travel was accommodated.

So we know that people generally have cooperated . . . and we give you all a hearty "thank you."

May we also express our appreciation at this time for your considerate and understanding attitude towards Southern Pacific and its service during the last twelve months?

We hope you will continue to confine your trips, in 1943, to essential travel.

A. T. MERCIER, President

Veritable Victory

IN I CHRONICLES (29:11, 12) we read: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all. . . . In thine hand it is to make great, and to give strength unto all."

Christ Jesus realized clearly the allness of God and the powerlessness of evil. Always the Teacher was confident of victory! Had he accepted even the possibility of defeat, there would have been no resurrection. In our Master's thought there was no defeatism, no fear, no cowardice, no doubt, no confusion. As his followers, we too can be confident at all times and under all circumstances of a decisive and complete victory over evil, whether it be sin, sickness, lack, war, or death itself. . . .

The real man is not conscious of, nor subject to, war, disease, famine, persecution. Man is spiritual, and because he is spiritual, dwelling continually in the realm of Love, he is indestructible, eternal, incapable of experiencing sin, sickness, sorrow, or death. Neither bomb nor bullet, disease nor death, can destroy man, God's spiritual idea. To understand these spiritual truths brings release from human suffering, protection from danger, and the God-given ability to conquer all evil.

Mary Baker Eddy tells us in "Science and Health with Key to the Scriptures," (p. 571): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil. Clad in the panoply of Love, human hatred cannot reach you. The cement of a higher humanity will unite all interests in the one divinity." To be "clad in the panoply of Love," which is the Christian warrior's armor, shields one from the enemy's treacherous blows, and enables one to face danger fearlessly, to go steadily forward until all belief in evil is annihilated and the total victory won. No evil can come into the experience of one who truly loves God. Spiritual man expresses the omnipresent Love which fills all space, and the understanding of this fact exterminates all that is unlike good. . . .

Victory over evil rests solely upon the understanding that evil is unreal, and that God, good, is All. Love must always triumph over hatred, Truth over evil, Spirit over matter, and divine Principle over aggression and treachery.

Only as brotherly love replaces the evil suggestions of lust, greed, hatred, aggression, racial prejudice in mortal consciousness will wars forever cease. No dictatorship, no sin, no disease, no so-called material force, has power to destroy or intimidate one who clearly discerns spiritual reality. His stronghold is Truth, which is indestructible. Whether the problem to be solved is that of disease or death, war or persecution, there must be no yielding to the enemy, the belief in evil as real. Matter cannot hide or defeat Spirit or Spirit's expression, man, for evil is not the master of good.

Jesus' enemies crucified him in the effort to destroy the good which he taught and proved; but Jesus rose victorious on that Easter morn! Those who may suffer seeming defeat at the ruthless hands of dictatorship can rise with renewed strength; they need not and will not remain helpless at the feet of any aggressor. Justice, harmony, freedom, yea, veritable victory, must be theirs! We are not defenseless, for God, Truth, is our ever-available defense and refuge; we are not powerless, for man is the expression of divine Principle. We can never be robbed of our divine heritage of life and liberty, for God is man's Life and by divine decree man is eternally free. Health, abundance, peace, individual freedom, can never be annihilated; they are immortal gifts of Love, our Father-Mother God.

The light of the Christ, Truth, so clearly manifested by our Master, beckons us onward and upward today. The certainty of reaching the goal—victory over all evil—spurs us on to higher mental altitudes, where in evil is seen for what it is—a non-entity. Looking to God, good, we shall behold Love's victory.

—The Christian Science Monitor.

Represents FDR

President Roosevelt has named Robert Murphy, former American consul in Algeria, as his personal representative in North Africa, with the rank of minister. Murphy, who is shown above, paved the way for the Allied occupation of French North Africa.

Tahoe Briefs

Auburn visitors Sunday at Tohono, and the Charles Swansons for dinner were Art Sather and Bill Junker. Sather took time out to inspect his summer home near Homewood.

The Ben Callenders, owners of the Hut at Homewood, write that they are now located at Santa Rosa and want back copies of the Sierra Sun as they are anxious to get "our good old Truckee paper and learn the news."

Mrs. Henry Hinkle, in San Francisco writes that she plans to return to Tahoe about March 1 providing the roads to Tahoe are open.

Reno visitors last week included Mrs. George Phillips of Sandy Beach. Mr. and Mrs. Jess Sisk and Joe King of Kings Beach, up for a visit to Tahoe and Reno from San Francisco.

STUDY OF JUVENILE DELINQUENCY PLANNED

SACRAMENTO, Jan. 14.—(UP)—One of the first tasks Attorney General Robert W. Kenny is undertaking is a study of juvenile delinquency and an attempt to coordinate the activities of peace officers and other agencies in reducing the presently mounting curve of delinquency. Kenny cited that the wartime urgency has increased the rate of juvenile delinquency, particularly in such areas as San Diego and Richmond, Los Angeles, Vallejo, San Francisco, Oakland and other congested places.

WANTS TO STUDY CONDITIONS OF FOREIGNERS IN STATE

SACRAMENTO, Jan. 14.—(UP)—Assemblyman William H. Rosenthal of Los Angeles introduced in the assembly a resolution that a committee on problems of peoples of Spanish and Mexican origin be created to study the employment, education, health and living conditions of such people living in California.

Rosenthal said that the services of such groups are essential to the growth of state industry and agriculture, and that legislative action should be taken to improve their economic conditions and social status.

General Marshall

•The other 33 would be the first to tell you that when President Roosevelt, in the threatening summer of 1939, chose the nation's thirty-fourth ranking general as his chief of staff, he picked the right man for the job. No indulger in sword-rattling and personal pyrotechnics, George Catlett Marshall is a soldier's soldier, a quiet advocate of preparedness who became the efficient manager of an army that is run like a business.

•Although General Marshall is best known as an organizer, he has also demonstrated his ability as a strategist. Early in his army career he drew an impromptu plan for the defense of Manila that astounded his fellow officers, most of whom were still thinking in terms of Dewey's sweeping assault on Manila Bay.

•A graduate of Virginia Military Institute, General Marshall entered the army in 1901 as a second lieutenant of infantry. He is still an infantryman at heart, although he understands the need for mechanized warfare and has the skill to see that he gets it.

INDEPENDENT RETAIL SALES GAIN FOR PERIOD

SACRAMENTO, Jan. 14.—(UP)—Sales by California independent retailers were 14 per cent greater in November, 1942, than in the same month of 1941, and dollar volume for the first 11 months of last year was 6 per cent over that registered in the same period of 1941, according to the bureau of the census.

Eighteen of 24 California cities surveyed showed sales increases, two showed losses and four showed little change.

FOREST SERVICE CLOSES ROADS IN THIS AREA

Many of the roads in the Tahoe National Forest are built only for summer use, according to Forest Supervisor Guerdon Ellis. For this reason, it is necessary to close these roads during the winter in order to prevent damage and reduce the spring maintenance work.

The roads closed by the forest service will be signed and in addition will be closed by gates. The order will not deprive actual residents in the forest from reasonable opportu-

DALE CARNEGIE
Author of "How to Win Friends and Influence People"

QUARREL—BUT MAKE UP
Alfred Lunt and Lynn Fontanne get about 30 letters a week asking how they are able to live such an ideal married life. They are so devoted that one will not go into a play where there is no part for the other. It has cost them thousands of dollars, but they have stuck to it. They were paid \$75,000 for making the movie, "The Guardsman." Metro-Goldwyn-Mayer offered them \$450,000 to make four pictures, but they turned it down.

I met them on the Normandie, crossing the Atlantic, and I asked Alfred Lunt if he would tell me what magic oral alchemy he had used to win the heart of such a charming lady. He hesitated, glanced at Lynn, and said yes.

He was engaged to play in "A Young Man's Fancy." He had been born on a farm 35 miles from Milwaukee, and had come to New York to get ahead as an actor. This was his first big Broadway chance, and he was nervous about it. When he went to rehearsals there was also in the cast an English actress by the name of Fontanne.

Alfred Lunt thought this English girl the most beautiful creature he had ever laid his Wisconsin eyes on. But he was too embarrassed to speak to her. Finally, the stage manager called him over and introduced him. Lynn was standing on a rickety, wobbly staircase which was to be used in the show. As Alfred Lunt advanced, his heart played a private little tune of its own.

Then he tried to do something which is no less than extraordinary. He had been going to see romantic European plays in which the hero gallantly kissed the lady's hand and so this ex-farm boy tried it. He lifted her hand, he bent over, then missed his step and fell flat on his face! The stagehands roared with laughter.

But it didn't kill his love. The more he saw her, the more deeply in love he became. Finally, one day as they were walking up Fifth avenue, they came to 59th street where the old-fashioned cabs wait for customers. He asked her to take a ride, and then and there, in a hansom cab clopping through Central park, he proposed.

I asked them if they—the perfect stage couple—ever had quarrels.

"Of course we do," said Lynn. "Terrible ones—but we never let the day go without making up."

Quarrels don't really matter. But the making up does. So if you have quarreled with somebody very dear to you, why don't you try to make up today? Not tomorrow, but today! As the Bible says: "Let not the sun go down upon your wrath."

ity to travel to and from homes over these roads.

Roads thus closed in the Truckee area are:

Staterline Road—Staterline lookout to Lake Tahoe highway in Nevada.

Shaeffer Mill Road—from Truckee Brockway road to Shaeffer's old mill.

Juniper Creek Road—from State highway 40 to Truckee-Brockway road.

Juniper Creek cutoff from State Highway 40 to Juiper Creek road.

Martis Ridge Road—from Juniper Creek Road to Martis lookout.

GEORGE PAYNE IS NAMED ON STATE RACING GROUP

SACRAMENTO, Jan. 14.—(UP)—George Payne, former chairman of the state athletic commission and a

former San Jose newspaper man, was named member of the state's racing commission by Governor Culbert L. Olson is one of his last-hour appointments as governor.

Payne will assume the place resigned by T. F. Kilmartin of San Jose. His commission will extend for two and a half years.

No new appointments on the board can be made by Governor Warren until the expiration of Jerry Giesler's commission next July 26. Giesler, a Los Angeles attorney, is present chairman of the board.

It is an undoubted truth that the less one has to do, the less time one finds to do it in. One yawns, one procrastinates, one can do it when one will, and therefore one seldom does it at all. — Lord Chesterfield

Bank of America Has Huge Gains During First Year Of War

At the close of a year of strenuous wartime readjustments, Bank of America's year-end statement of condition reveals that total resources of the bank now stand at a new all-time high of \$2,771,689,000, an increase of \$676,054,000 during the year. Deposits on December 31, 1942, totaled \$2,586,140,000, a gain of \$677,757,000 over a year ago.

After payment of taxes and accruals therefor at the new rates, and other government assessments, earnings for the year were \$26,577,000. From this total \$4,531,000 was reserved for normal depreciation of bank premises and other real estate, and for amortization of bond premiums, and \$3,848,000 was set up in reserves and applied to the absorption of losses or the revaluation of assets. Capital funds were increased from earnings for the year by \$6,421,000 after payment of \$10,528,000 in dividends at the annual rate of \$2.40 per share on the common stock and \$2 per share on the preferred stock and after a profit-sharing bonus of \$1,198,000 to employees and the payment of \$50,000 into a special trust.

Purpose of this fund, created by order of the board of directors as a memorial to Clorinda Giannini, late wife of the bank's founder, is to provide aid for worthy employees who may be without means when overcome by misfortune.

SOME NEW REGULATIONS ANNOUNCED BY OFFICE OF PRICE ADMINISTRATION

Recent activities of the Office of Price Administration, as reported by the regional office, follow:

Special notice of the license suspension penalties to which persons violating price regulations are subject have been written into six supplementary orders and one general maximum price regulation.

Fixed dollars and cents minimum prices on canner sales of salmon have been established for the Columbia river district.

Temporary 60-day ceilings have

been set on shelled peanuts, salted peanuts and peanut butter.

Contractors in the apparel industry have been advised they must furnish information to manufacturers on cost of direct labor and trimmings for women's, girls' and children's outer-wear garments.

The regional OPA has been authorized to adjust shell egg price ceilings in instances where local shortages exist.

Price ceilings have been announced for sales by millers and blenders of flour from wheat, semolina, and farina at uniform levels averaging 10 per cent higher than the present temporary ceilings.

OPA ruled that dealers in retreaded or recapped tires who do not possess their own equipment, and must have work done by others, may not pass on to customers resulting transportation costs.

GAS CREDIT CARDS ARE PLACED UNDER WAR BAN

Another peace-time convenience—the gasoline credit card—felt the impact of the war this month. Restrictions on use of such cards at gasoline stations, have been announced by Petroleum Administrator for War Harold L. Ickes.

However, use of requisition books by government agencies will still be permitted.

In addition, the directive provides that credit cards already issued to motor vehicles displaying T ration stickers or operated by government agencies can be honored until February 1, 1943.

OPA ruled that jury members who need additional gasoline while on court duty will be eligible for special gas rations.

SUCCESSFUL PARENTHOOD

By MRS. CATHERINE CONRAD EDWARDS
Associate Editor, Parents' Magazine

SIGNIFICANT 'LITTLE THINGS'

We are all hungry for the fine stories of heroism on the part of our servicemen which fill the newspapers and the air. But we also love the "quieter" stories which aren't important enough to get into the news, but are passed along like a shared letter. There was, for example, the scene described to us by a friend who passes through Grand Central station in New York city each morning. An army officer, resplendent in his uniform boasting new silver bars, stood basking in the beaming approval of his wife and parents. So very nonchalant he was, until he noticed what his small sons were doing! They had managed to open one of his suitcases and with quick, eager burrowings were trying to find the presents their father had surely brought them. In a few minutes the carefully packed contents of the suitcase were spilling over the sides. The joyous delight of the four- and six-year-olds at finding the gifts which are always there when an American father returns to his family, seemed somehow significant as well as heart-warming.

And another friend described an episode which brought her that tears-in-the-throat gladness which comes when we see members of our armed forces acting in a way of which their mothers would be especially proud.

"You remember riding the Greenville bus to our house," she wrote. "You know, the bus line where all the operators cover the coin fare box if a serviceman gets on the bus, thus saving the boys the need for protesting against special favors, as well as pleasing the bus passengers who are generally too self-conscious to pay a soldier's way much as they might wish to. Well, one day last week a young soldier got on and sat near me. Across the aisle was a man who was using improper language, much to everyone's embarrassment. The soldier rose, tapped the man on the shoulder and said, 'Pardon me, but there are ladies present.' The civilian, however, persisted, whereupon the soldier repeated his admonition. When this failed, the soldier politely but firmly requested the bus driver to stop at the nearest corner, and asked the still-swearing grumbler to follow him. Once outside the boy started rolling up his sleeves. Meanwhile, of course, all the bus passengers were craning their necks out the windows in amazed satisfaction at the turn of events. The offender walked off sheepishly and the soldier returned to the bus without a word and immediately began to read his paper in furious absorption so that no one would dare thank him! But I'm sure he must have known how every 'lady' in the bus felt and I think his mother would want to know how we felt too."

—FOR VICTORY :: BUY BONDS—

THANK YOU for your cooperation

To the great number of people who responded to the Government's appeal not to travel over the holidays, we want to extend our sincere thanks.

Your cooperation enabled us to take care of those who *had* to travel—the men of our armed forces. We are sure that the thousands of service men who were able to get well-earned holiday leaves and furloughs also appreciated your cooperation in making more room for them on the buses.

WHAT ABOUT 1943?

Bus transportation has proved to be a vital necessity to a nation at war. Today America's bus lines are all performing a tremendous task in transporting, with limited equipment and facilities, millions of additional riders—fighting men and war workers.

In 1943 Greyhound will continue to put all of its resources behind the war effort, to provide transportation for the armed forces, war workers and other essential travelers. And every effort will be made to improve our service as rapidly as war conditions will permit.

At this time all of us of Pacific Greyhound Lines extend to our friends and patrons every good wish for the coming year.

STORES URGED TO CONTINUE ADS

The store that keeps up a running fire of cheerful, helpful advertising during the public's trials and tribulations is the store that will have the first dance when the music begins to play," Bernard F. Gimbel head of a chain of stores said in a recent issue of New York University's School of Retail magazine.

"First, last and always keep talking the customer's language. If you find you have less and less to sell keep talking anyway. If you have less to sell, so has everyone else," he stated.

Constable and Mrs. N. F. Dolley were business visitors in Sacramento this week.

Now in Auburn—
Mrs. Laura Kirchner, former well known Truckee resident, is now living at Auburn where she is enjoying the surroundings. She had been living in Sacramento.

OPA Official Here—
Herbert S. Allen, representative of the Office of Price Administration was here yesterday to discuss the affairs relative to the local board.

May Reside Here—
Mrs. Bruna Guidotti of Sacramento, whose husband has been called to the army and is now located in Oregon, has arrived and plans to remain here with her parents.

Justice Court Fines
Justice of the Peace C. E. Smith last month turned \$185 in fines into the county treasurer from local fines.

COUNTY ROADS ARE ASKED BY CHAMBER

The Truckee Chamber of Commerce has received a report from Howard J. Reamer, chairman of the highway committee for the Sacramento Valley Council of the State Chamber of Commerce which shows the roads in Nevada County recommended by his committee for the coming biennium.

The report has been submitted to the State Highway Commission. It includes: reconstruction of section through Bear Valley; realigning and surfacing between Grass Valley and Auburn. In Placer County it recommends realigning sections between Auburn and Colfax and realigning sections between Auburn and Grass Valley. Should war conditions change so as to permit the use of strategic materials, the committee urges the early construction of the grade separation at or near Roseville.

In Sierra County it is recommended that short sections between Sierra and Truckee be reconstructed and that sections between the Nevada county line and Downieville be reconstructed.

DAVIS COLLEGE TO BE ARMY STATION

CAMP KOHLER, Sacramento, Jan. 14. (UP)—The University of California's School of Agriculture at Davis, 14 miles west of Sacramento, will be formally established as a U. S. army signal corps school on February 1st.

Der Fuehrer on Spot

In at least one bowling alley in this country the pins bear likenesses of Adolf Hitler and his stooges. Here the pin girl puts Der Fuehrer right out in front where his ugly face is sure to get most of the hard knocks. Bowlers are women, who delight in knocking him for a row of asheans.

To Study Coupon Banking—
Richard Little, manager of Bank of America went to Sacramento today to attend a meeting in which details of the proposed coupon and point banking system to be adopted under OPA will be discussed.

Back from Hospital—
Mrs. Hazel Lewis has returned to Truckee after being a patient in a Reno hospital for some time.

Celebrates Birthday—
Mrs. J. C. Titus will celebrate her birthday on Saturday, January 16.

Hurts Ankle—
Mrs. C. E. Smith is confined to her home with a sprained ankle.

"SHE IS A GOOD NEIGHBOR
ON THE PARTY-LINE TELEPHONE"

"She uses the telephone only if she
needs to and she is thoughtful of
the rest of us!"

In these days when telephone
lines are carrying thousands of
war calls, and the materials for
new lines are not to be had, team-
work by telephone users on party
lines counts a lot.

Reasonable use, prompt answer-
ing, thoughtfulness of others, are
helpful to all.

Telephone neighbors appreci-
ate such teamwork.
